

## Lana L. Traynor, Attorney at Law

lana@traynorlawfirm.com

Lana Traynor is the parent of three fabulous children, two of whom needed early intervention services because of learning differences. In 1999, one of her sons was diagnosed with a disability and needed special education services. During the family's search for resources, Lana realized the special education process was extremely complex and difficult to navigate. That first hand experience and her background as an attorney fostered a desire to help students with special needs (and their families) to navigate the education maze.

Beyond making a positive difference for families and individuals using her legal skills and personal experience, the thing that motivates her each day is the opportunity to meet and work with wonderful people and the chance to learn something new. She particularly enjoys the opportunity to connect with the families and students she works with, whether sitting on the floor and playing with Legos or sitting on the couch and providing a shoulder for grieving parents. Lana can't imagine a more fulfilling way to make a difference.

Lana is licensed to practice law in Oregon, Washington and California and has represented clients in all three states. She is also admitted to practice law in the United States District Court for the District of Oregon, the United States District Court for the Western District of Washington and the United States Court of Appeals for the Ninth Circuit.

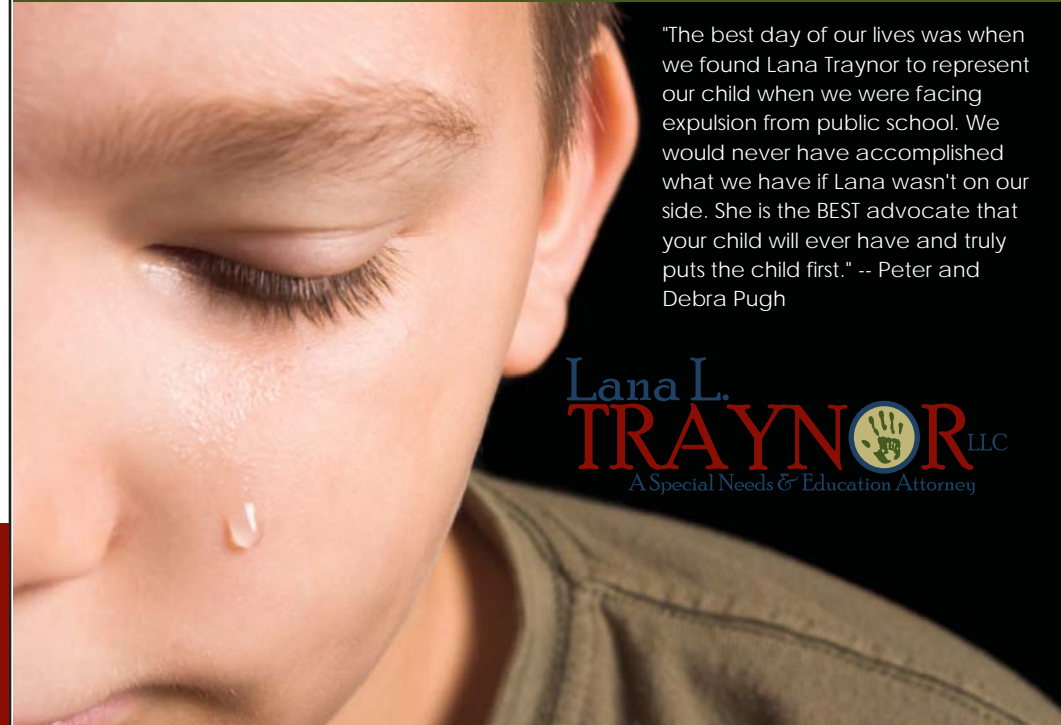

### First hand experience. Compassionate counsel.

When you have our team on your side we'll always consider your unique situation in every move we make. You'll never be judged or criticized. We will, however, talk straight with you, because we believe you deserve honest and open communication. We'll analyze your specific situation and each specific fact pattern and advise you about the interplay of relevant student codes of conduct, the Family Educational Rights and Privacy Act (FERPA), Section 504 of the Rehabilitation Act of 1973 (Section 504), and Title II of the Americans with Disabilities Act of 1990 (ADA).
